

About the Author

Dr. Anita Goel holds a PhD in Physics from Harvard University as well as a MD from the Harvard-MIT Joint Division of Health Sciences and Technology (HST) and BS in Physics with Honors and Distinction from Stanford University. She was named in 2005 as one of the “world’s top 35 science and technology innovators under the age of 35” by the MIT *Technology Review Magazine*. Dr. Goel is the Chairman and Scientific Director of Nanobiosym Labs, and the Chairman and CEO of Nanobiosym Diagnostics, Inc. Dr. Goel also serves as an Associate of the Harvard Physics Department, an Adjunct Professor at BEYOND, a Fellow of the World Technology Network, a Fellow-at-Large of the Santa Fe Institute, and a Member of the Board of Trustees and Scientific Advisory Board of India-Nano, an organization devoted to bridging breakthrough advances in nanotechnology with the burgeoning Indian nanotech sector.
