

## About the Author

Dr. Sudipto Ghosh did his B.Tech., M. Tech. and Ph.D. from IIT Kanpur and worked in Tata Research Development and Design Centre for six years before joining IIT Kharagpur. He works on mathematical modeling at different length scales and time scales of material processes using continuum modeling, classical molecular dynamics, Ab-Initio quantum mechanical modeling, Cellular Automata and Genetic Algorithms. At IIT Kharagpur, He is leading a team of scientists working on indigenous development of Lithium Ion Battery. Since 1995 he has been trained by Dr. T. D. Singh on science and spirituality. He is in the Editorial Board of Savijnanam- the Journal of Bhaktivedanta Institute and a Board Member of Bhaktivedanta Institute.
